

## whiskey, pt. 2

Nightly

I'm drinking whiskey  
When she's not with me  
I take a sip and then I'll take another one  
But that's the problem  
I still got problems  
So bartender would you keep on pouring strong  
'Til I forget the girl that I've been drinking on  
Or 'til the whiskey is gone  
Or 'til the whiskey is gone
