

# Irreversible

## Nightmares

For the last time  
This illusion grows inside my mind  
Am I sick or did it swallow me?

What's the point of holding on?  
(When every day's the same)  
Am I hanging from a rope?  
(Cause every day's the same)

Why does everyone have fire in their eyes?

What's the point of holding on?  
(When every day's the same)  
Elevating to the sky  
Are you here to take me away?

Can you see me?  
Can you hear me screaming?  
I want it all  
Am I irreversible?  
Can you see me?  
Can you hear me screaming?  
Am I alive or is this irreversible?

What's the point of holding on?  
(When every day's the same)  
Am I hanging from a rope?  
(Cause every day's the same)

Some things I had to say you didn't want to hear  
So I wrote it all down  
Just to relive the fear  
I've been meaning to tell you  
You really got the best of me  
Hell on earth is all you're worth

Can you see me?  
Can you hear me screaming?  
I want it all  
Am I irreversible?  
Can you see me?  
Can you hear me screaming?  
Am I alive or is this irreversible?

Hell on earth is all you're worth  
Hell on earth is all you're worth  
Hell on earth is all you're worth  
Hell on earth is all you're worth

Can you see me?  
Can you hear me screaming?  
I want it all  
Am I irreversible?  
Can you see me?  
Can you hear me screaming?  
I'm not alive  
This isn't irreversible
