

Gemini

Nightrage

From start two sparks of human light was born
Two hopes for a future flame, but one to be ignored

The essence of a total denial
Forgotten, and left to die

A race for life that left one soul way far behind
Another brought to life without his unborn kin in mind

Gemini
Dead unborn but still alive

Gemini!!!
Left inside!!!

Left inside to rot but not to die
To realize all promises of life was just a lie

The essence of a total denial
Forgotten, and left to die

Now whispering your hate from deep inside
Polluting the senses and thoughts
Of the one that didn't get denied

Gemini
Dead unborn but still alive
Gemini
Deserted, still you're left inside

The essence of a total denial
You are, so forgotten
Forgotten, and left to die

Gemini
Dead unborn but still alive
Gemini
Deserted, still you're left inside
