

# Beauty and The Beast

Nightwish

**Ami** **F**  
1. Remember the first dance we shared?  
**G** **Dmi** **E** **Ami**  
Recall the night you melted my ugliness away?  
**Ami** **F**  
The night you left with a kiss so kind  
**G** **C** **G**  
Only a send of beauty left behind

**Ami** **F**  
2. Ah dear friend I remember the night  
**G** **C** **G**  
The moon and the dreams we shared  
**Ami** **F**  
Your trembling paw in my hand  
**G**  
Dreaming of that northern land  
**C** **G**  
Touching me with a kiss of a beast

**Ami** **F**  
3. I know my dreams are made of you  
**G** **Dmi** **E**  
Of you and only for you  
**Ami** **F**  
Your ocean pulls me under  
**G**  
Your voice tears me asunder  
**C** **G** **Ami**  
Love me before the last petal falls

**Ami** **F**  
As a world without a glance  
**G**  
Of the ocean's fair expanse  
Such the world would be  
**C** **G**  
If no love did flow in thee  
**Ami** **F**  
But as my heart is occupied  
**G**  
Your love for me now has to die  
**C** **G** **Ami**  
Forgive me I need more than you can offer me

Rec.:  
Didn't you read the tale  
Where happily ever after was to kiss a frog?  
Don't you know this tale  
In which all I ever wanted  
I'll never have  
For who could ever learn to love a beast?

**Ami** **G** **C** **G**  
However cold the wind and rain  
**Ami** **G** **Dmi** **E**  
I'll be there to ease your pain

**Ami**      **G**              **C**              **G**  
However cruel the mirrors of sin

**Ami**      **G**              **Dmi**      **E**  
Remember beauty is found within

...Forever shall the wolf in me desire the sheep in you...
