

## Global warming – I am gay

Nightwork

I was just a young boy  
with a dream that was kind of banned  
The dream was 'bout a secret  
little magic land  
In this little paradise  
I could wear my mothers bootie size  
and every boy on his feet  
had booties in this land on a bootie street  
I finally knew without any further doubt  
when my mother woke me up

I am gay,  
I'm gay,  
From Gayland  
I am gay,  
I'm gay,  
From Gayland  
Just be a gay

Today I know much better  
that this land is really everywhere around us  
(with little chimp) Loving his sweet brother  
and two soldiers lying sweating in an Iraq dust  
Sun is shining all the day,  
on all the species that are proud to say,  
they just pray for another way  
every single day  
how to send a message of the land for every gay  
If you want be happy just join our paradise,  
this place will open your eyes

I am gay,  
I'm gay,  
From Gayland  
I am gay,  
I'm gay,  
From Gayland  
Just be a gay

Gay is hedgehog,  
gay is squirrel,  
happy to jump in the sky  
I'll be a gay forever,  
and as a gay I want to die

I am gay,  
I'm gay,  
From Gayland  
I am gay,  
I'm gay,  
From Gayland

I am gay,  
I'm gay,  
From Gayland  
I am gay,  
I'm gay,

From Gayland  
Just be a gay
