

Can't Go On

Nik Kershaw

Gotta go gotta go gotta go
I taught you everything you know
Every little thing you know

Gotta fly, gotta fly, butterfly
You won't even tell me why

You can't go on without me
You can't go on alone
Just stop to think about it
You will never make it home
You will never make through
Cos I'm the only one for you

Go ahead, go ahead, go ahead
I'm watching as you make your bed
Watching as you make your bed

Ingenue, ingenue, ingenue
After all I've done for you

But hey, go on without me
Yeah, go on alone
Don't stop to think about me
Though I may never make it home
And you will never make it through
Cos I'm the only one for you

La la la, la la la, la la la

Baby wait, baby wait, baby wait
I think I better tell you straight
Tell you straight

I can't go on without you
Can't go alone
I love everything about you
And I will never make it home
And I don't wanna set you free
Cos you're the only one for me
