

Rock of Ages

Nik Kershaw

Babylon Bob just can't get a job can't pay his way
Sick of this junk can't wait for a punk to make his day
Pokemon Pete young man in the street wants to be heard
Secondhand Sue gets mad wouldn't you if you were her

They wanna rock the rock of ages
They wanna burn this old house down
They got a thing to ring the changes now

Paranoid Floyd gets so damn annoyed and full of woe
Powder keg Pam is so in a jam she's ready to blow

May not be big
It may not be clever
There could be tears if they get together

They wanna rock the rock of ages
They wanna burn this old house down
They got a thing to ring the changes now

They wanna rock the rock of ages
They wanna burn this old house down
They got a thing to ring the changes now

They could find hope in amongst this rubble
There could be truth but there'll sure be trouble

They wanna rock the rock of ages
They wanna burn this old house down
They got a thing to ring the changes now

They wanna rock the rock of ages
They wanna burn this old house down
They got a thing to ring the changes now
