

# Move!

NIKI

Maybe it's the way that  
You make me wanna lay back  
If I can put the blame on the state of my mind  
Wasn't supposed to stay, I can't say that I tried  
It's something in the water  
That makes me wanna watch ya  
If I can put the blame on the weight of my mind  
Open up a case, and I'm already blind

Oh, I'm way too unpredictable, I can't be held responsible for  
nothing  
And all my crimes have been committed, already got me so addict  
ed, say you ain't bluffin'

There's something in the way you make me move, ooh  
There's something in the way you make me move, ooh  
Baby, when you love me like you do, do  
There's something in the way you make me  
Something in the way you make me move

Want you and I'm talkin'  
In every conversation  
'Cause I can't get the sound of your name off my lips  
Said a little more than I'd like to admit  
There's something in the water  
That makes me love you harder  
'Cause you know the longer I play innocent  
The less that I want to resist

Oh, I'm way too unpredictable, I can't be held responsible for  
nothing  
And all my crimes have been committed, already got me so addict  
ed, say you ain't bluffin'

There's something in the way you make me move, ooh  
There's something in the way you make me move, ooh  
Baby, when you love me like you do, do  
There's something in the way you make me  
Something in the way you make me move
