

# He's My Clown

Nikka Costa

He's the boy  
That everybody's puttin' down  
He dresses up like circuses  
And paints the town  
He puts on funny faces  
Just to catch my eye  
No one understands  
Why I like this crazy guy  
He's My Clown  
(He's so stupid baby  
What's with cupid  
Can't you see it?)  
He's My Clown  
(Played it smart until  
He got your heart  
Now he will break it!)  
He's My Clown  
(He's so cool girl now that  
You're his fool girl  
Won't you wake up?)  
He's My Clown  
(His best buddy says that  
He is nutty  
Dontcha let him in!)  
Go ahead and laugh  
At all the clothes he wears  
Long as we're together  
Well, I just don't care  
He says one day Baby  
We'll take off and fly  
Merry-go-rounds, ferris wheels  
And roly coaster rides  
He's My Clown  
(He's so icky  
You should be more picky  
You need glasses)  
He's My Clown  
(He's outrageous Baby  
It's contagious  
Don't you catch it!)  
He's My Clown  
(Watch it honey  
I will bet you money  
He will hurt you)  
He's My Clown  
(He is trouble  
Get out on the double  
Don't you be a fool!)  
You think it's tragic  
I think he's magic  
He makes every day a happy carnival  
Life is a circus  
Nothin' can hurt us  
We'll turn every frown we see  
Into a smile  
And if I'm dreamin'  
Don't wake me now

0000 he's so special  
From bis head down to his toes  
He finds ways of havin' fun  
Nobody knows  
When he talks and he laughs  
His whole face lights right up  
You're just jealous  
So please keep your big mouth shut  
He's A Clown  
(You wouldn' know one  
Even if you saw one  
Neh Neh Neh Neh)  
He's A Clown  
(Sticks & stones can always  
Break his bones but  
Words can't hurt him)  
He's A Clown  
(You're just jealous  
You know you can't have him  
Ha Ha Ha Ha)  
He's A Clown  
(You don't like him  
But you'd like one Iike him  
Leave the boy alone)  
He's A Clown
