

Keep It High

Nikka Costa

Energy dictates the feeling
What you put out there multiplies
Doing what I can to keep uplifted
The atmosphere can get so thick
Dragging me down getting nowhere quick, yeah

It's all a vibe, it's all a vibe
When you break it down you gotta keep it high
When you break it down you gotta keep it high, gotta keep it high

Keep it high
Just gimme that feeling
Just keep it up
Keep it high
Just gimme that feeling
Can't get enough
Keep it high
Just gimme that feeling
Just keep it up
Keep it high
Just gimme that feeling
Can't get enough

On and on and on and on and on
We gotta keep it high

They're trying so hard to break my spirit
Stooping so low y'all nowhere near it
Lemme get my sage and watch me clear it
I say a prayer for me and one for you
Ain't no way you getting through, yeah

It's all a vibe, it's all a vibe
When you break it down you gotta keep it high
When you break it down you gotta keep it high, gotta keep it high

Keep it high
Just gimme that feeling
Just keep it up
Keep it high
Just gimme that feeling
Can't get enough
Keep it high
Just gimme that feeling
Just keep it up
Keep it high
Just gimme that feeling
Can't get enough
Keep it high

We do what we got to do
Give it to me
I'll give it all to you, yeah
We do what we got to do, gotta do
Give it to me
I'll give it all to you, yeah
We do what we got to do, gotta do

On and on and on and on and on...

Keep it high
Just gimme that feeling
Just keep it up
Keep it high
Just gimme that feeling
Can't get enough
Keep it high
Just gimme that feeling
Just keep it up
Keep it high
Just gimme that feeling
Can't get enough
Keep it high
Just gimme that feeling
Just keep it up
Keep it high
Just gimme that feeling
Can't get enough
Keep it high
Just gimme that feeling
Just keep it up
Keep it high
Just gimme that feeling
Can't get enough
Keep it high
