

# Fish Out of Water

Nikki Cleary

I let down my gaurd  
And let you see me  
I showed you my heart  
And now I'm sorry  
Head first into you  
I fell in too deep  
Not much I could do  
But watch you leave me

I've tried  
But I can't  
Guess I don't understand  
The meaning of letting you go

I'm a heart with no beat  
Fading fast by the hour  
Flailing in circles  
I struggle to breathe  
Butterfly with no wings  
A fragile wilting flower  
Baby without you  
I'm a fish out of water

Thought you were the one  
I was dreaming (dreaming)  
What I thought was love  
Just left me empty (empty)  
No turning back time  
No more pretending  
No rainbow inside  
No happy ending

Though I try  
I'm confused  
With a star without you  
My world has been turned upside down

I'm a heart with no beat  
Fading fast by the hour  
Flailing in circles  
I struggle to breathe  
Butterfly with no wings  
A fragile wilting flower  
Baby without you  
I'm a fish out of water

I've surrendered to the unconscious  
You are haze the that grips my mind  
I opened the flower gates  
It hurts in slow motion  
Baby I'm running out of time

And I've tried  
(Uh-uh)

I'm a heart with no beat  
Fading fast by the hour

Flailing in circles  
I struggle to breathe  
Butterfly with no wings  
A fragile wilting flower  
Baby without you  
I'm a fish out of water
