

## Beginners luck

Niko B

It was me that did it, won't burn bridges  
Made six fig's in minutes  
Bam Margera spirit, push the limit  
I swam with bigger fishes  
These Margiela slippers ain't so slippy  
The Tabi toe is vicious  
Leave the room suspicious  
Night time push-ups, all my luck's beginners  
Yeah, had the bar in elephant boomin'  
The room didn't have no room in  
I'm in a D Cup Mazda zoomin'  
Point on my license, went home fumin'  
I got there and I crossed that bridge  
Two Moncler twins like Jack and Finn  
Chucked me the keys, said, "Give it a spin"  
Got a fashion sense from Kath and Kim  
I'll buy that house, got a price for the brick?  
I'll take advice on the chin  
I woke up once with teeth on the curb  
And I got straight up and I jumped in the ring  
Make sure I don't lose my aim  
Prada hats, got two of the same  
Keep one deadstock under the bed  
Then I keep one more for a rainy day  
I got eyes in my back like Mishka  
Just blinked once and I seen that the fee's up  
In green rooms, feel like a diva  
Play Skate 2 and I just seen a T-bar  
Don't wanna make it a thing  
She call me, leave the yard on a ring  
I shoot throughs, and I'm off on a corner  
And I bite the bullet, say how it is  
I just know that it is what it is  
I could do your best and I ain't slept a wink  
I don't have nothin' in my cup  
But I just pretend that I've got a drink
