

Polka dot

Niko B

Left side through a Cartier slide
I might cop a next ride, but I'd rather not talk about it
Wrist time and she wonder which price
And I told her "it's mine", but I'd rather not talk about it

Who is this? Who is that? Who is you? Yeah
Numbers dialed hit a dance on a yute, left
Only I, only do, what I do yeah
Simmer down, half an ounce in a zoot
Spent P three G's on a CDG
Hit a lever and they all see me
I got the bag from acme, polka dot like acne
Patches on my knees like I'm walking with a bad knee
