Quick Drive

Niko B

Quick drive, got a can of Rio in my right hand
Shout me, I've got tickets to see your favourite band
You tell me that you're going with another man
Oh well, this bit didn't really go to plan

Here I am
Walk through the city of red dots
Niko B, I beat my high-school crush on a Xbox
Concrete and chalk on a pavement playing hopscotch
She beat me but it's a minor, couldn't give a toss
I scrape my knee but it's a minor, I give it a quick wash
I got my jeans on back to front like Kriss Kross
I put a trampoline in my room now I'm earning big dosh
I got 46 to waste, I'm coming like Rick Ross
I'm a man with a van, with you we're men with ven (Men with ven)
Come and take a peep at me, not Mark and Jez (Not Mark and Jez)
Don't laze about 'round me, put in 110 (Percent)
And if you don't then I'll Zinedine your chest (Bop)

Fresh pair of socks and I wiggle into my trainers
My chain ain't gold, it's steel and it's stainless
See a guy post on Snap that he's got flavours
It's nothing but cheese, he's selling me a pack of Quavers (Mmm dead)
I want a Beamer for no reason
But it'll get me from A to B
You want a feature? From me, sir?
Well that will cost you 49p (Ching)
You better leave her, she a cheater
You can't let her violate G
You should get a visa and leave her
Then come live in Milton Keynes

Quick drive, got a can of Rio in my right hand
Shout me, I've got tickets to see your favourite band
You tell me that you're going with another man
