

# They could fly

Niko B

What, what, what, what, what

Long sleeve underneath the white tee, hi-vis  
Covering the graphic from the nineteen nineties  
It's nothing special with a white tee on  
This something special, this a Van Cleef song

Hear it booming through the speaker, might shake the roof of an  
'05 SEAT  
Get it cheaper, she a keeper, she a keeper, wanna replay the ti  
me when I meet her (What)  
Blow a flame off a candle, I'll burn a hole in my shirt, and no  
w the flannel it burns  
I weren't lying man, I still can't handle my nerves  
I'm a uncut gem, see the diamonds and pearls  
A to B, no hands on a like, doing ten across the city on a half  
nine  
Drop it down don't get caught in a cross fire  
I see guys drop and sulk when they could fly
