

DRINKING GAMES

Niko Moon

Every Friday night
Girl, you're right on time at ten
Said we ain't playin' games
But we're back flippin' cups again
And I always let you win

Been dancin' 'round it a couple of times
I'll get the tab, you can finish your wine
That bottle's spinnin' 'round
Whatcha say we slow it down?

We keep playin' all these drinkin' games
Every weekend, it's the same old thing
And I don't wanna be your fireball flame
But we keep playin' all these drinkin' games

We gon' so many rounds
I ain't even keepin' score
Girl, I'll put this whiskey down
If you're up for something more

We keep playin' all these drinkin' games
Every weekend, it's the same old thing
And I don't wanna be your fireball flame
But we keep playin' all these drinkin' games

Been dancin' 'round it a couple of times
I'll get the tab, you can finish your wine
That bottle's spinning 'round
Whatcha say we slow it down?

We keep playin' all these drinkin' games
But I think we should take a chance on things
'Cause this is more than just a fireball flame
But we keep playin' all these drinkin' games

We keep playin' all these drinkin' games
And every weekend it's the same damn thing
So come on, tell me, darlin', whatcha say?
Let's stop playin' all these drinkin' games
Make this more than just a fireball flame
We keep playin' all these drinkin' games
