

# DRINKS DRUNK

Niko Moon

Had one of them days  
Need one of them nights  
Want one of them dranks  
Make it two on ice  
'Cause there's a million different reasons we can knock 'em back  
It don't matter what it is there's a drink for that

Straight tequila if you're feelin' wild  
Top shelf bourbon if ya whiskey bound  
Don't matter what it is we got what you need tonight

Let's get these drinks drunk  
Let's get our time wasted  
Let get that neon buzzed  
And that sunset faded  
Yeah, we cover band dancin'  
Solo in our hands and  
Singing out 'I Got Friends In Low Places'  
Alright tonight  
Let's get these drinks drunk

Gon' tie one on  
And ain't lettin' go  
Gon' ride that buzz  
Like a rodeo  
In the morning won't remember why we even came  
But by the end of the night we'll be glad we drank 'em

Red Bull vodkas  
Got 'em on the house  
Beers on tap  
Eh, we ain't keepin' count  
No matter what it is  
We what you need tonight  
That's right

Let's get these drinks drunk  
Let's get our time wasted  
Let get that neon buzzed  
And that sunset faded  
Yeah, we cover band dancing  
Solo in our hands and  
Singing out 'I Got Friends In Low Places'  
Alright tonight  
Let's get these drinks drunk  
Aye, let's get 'em drunk, yeah, woo

Let's get these drinks drunk  
Let's get our time wasted  
Let get that neon buzzed  
And that sunset faded  
Let's get these drinks drunk  
Let's get our time wasted  
Let get that neon buzzed  
And that sunset faded  
Yeah, we cover band dancing  
Solo in our hands and

Singing out 'I Got Friends In Low Places'  
Alright tonight  
Let's get these drinks drunk, mhm  
Yeah, all right  
Tonight  
Let's get these drinks drunk
