

FALLING FOR YOU

Niko Moon

If you could see you through my eyes
Baby, I bet you'd blow your mind
If you could know the way that I feel
You'd know why my love is for real, yeah

Just when it can't get no better, baby
You take my breath away, yeah

I keep on falling for you
And I ain't landed yet
Since the day that we met
I keep falling for you
I keep on falling for you
Ain't no end in sight
When I look in your eyes
I keep falling for you

If you could hold you in my arms
Girl, you'd know why you got my heart
If you could feel the love that you give
You'd know why you're as good as it gets, yeah, 'cause

I keep on falling for you
And I ain't landed yet
Since the day that we met
I keep falling for you
I keep on falling for you
Ain't no end in sight
When I look in your eyes
I keep falling for you

Just when it can't get no better, baby
I keep falling for you
Just when it can't get no better, baby
You take my breath away, yeah

I keep on falling for you
And I ain't landed yet
Since the day that we met
I keep falling for you
I keep on falling for you
Ain't no end in sight
When I look in your eyes
I keep falling for you

Just when it can't get no better, baby
Falling for you, baby
Just when it can't get no better, baby
I keep falling for you
