

FOREVER FEELING

Niko Moon

No, it ain't like me to lay it on the line
No, it ain't like me to go and roll the dice
Guess there's some things you just can't deny
No, it ain't like me, but girl, it is tonight, so

Tell me what you're doin'
For the rest of your life
I don't know how you do it
But girl, you do it so right

Like the tide, you pull me in
And I begin to feel the ground shift beneath my feet
Like a record you turn me on
My favorite song, I wanna keep you on repeat

'Cause you're giving me that
I wanna feel this forever feeling
You're giving me that
I wanna be everything you're needing
You're giving me that
I wanna feel this forever feeling, kind of love

I don't know about you, but girl, I'm on cloud 9
I don't know about you, but girl, it's feelin' right, yeah
Breathtaking view, yeah, way you look tonight
I don't know about you, but girl

Just like the tide, you pull me in
And I begin to feel the ground shift beneath my feet
Like a record you turn me on
My favorite song, I wanna keep you on repeat

'Cause you're giving me that
I wanna feel this forever feeling
You're giving me that
I wanna be everything you're needing
You're giving me that
I wanna feel this forever feeling, kind of love

So tell me what you're doin'
For the rest of your life
I don't know how you do it
But girl, you do it so right

Like the tide, you pull me in
And I begin to feel the ground shift beneath my feet
Like a record you turn me on
My favorite song, I wanna keep you on repeat

'Cause you're giving me that
I wanna feel this forever feeling
You're giving me that
I wanna be everything you're needing
You're giving me that
I wanna feel this forever feeling, kind of love

Oh, you're giving me that

I wanna feel this forever feeling
You're giving me that
I wanna be everything you're needing
You're giving me that
I wanna feel this forever feeling, kind of love

So tell me what you're doin'
For the rest of your life
