

## GOOD ONES

Niko Moon

I remember that summer like yesterday  
Bumping Outkast in that old Chevrolet  
Time flew by like a country lane  
Yeah we might've grown up but we're still the same

When that hometown girl went and broke my heart  
You was right there with me sitting at the bar  
Friends like that ain't easy to find  
So, let's raise one up tonight

Here's to the good ones  
The day ones  
The never ever gonna change ones  
The ride or dies  
That'll hold ya down for life  
Here's to the good ones  
That ya feel ones  
The always gonna keep it real ones  
The kind of friends that your money just can't buy  
Here's to the good ones

Here's to the good ones

I got a real good girl from them Georgia pines  
She likes dancing 'round the kitchen to some red red wine  
Lips like honey with a southern drawl  
Gotta thank God 'cause I got it all

Through thick and thin  
I got you 'til the end  
Oh I got you 'til the end

Here's to the good ones  
The day ones  
The never ever gonna change ones  
The ride or dies  
That'll hold ya down for life  
Here's to the good ones  
That ya feel ones  
The always gonna keep it real ones  
The kind of love that your money just can't buy  
Here's to the good ones

Here's to the good ones

Through thick and thin  
I got you 'til the end  
Oh. I got you 'til the end  
Yeah

Here's to the good ones  
The day ones  
The never ever gonna change ones  
The ride or dies  
That'll hold ya down for life  
Here's to the good ones  
That ya feel ones

The always gonna keep it real ones  
The kind of life that'll never leave your side  
Here's to the good ones

Yeah here's to the good ones  
Here's to the good ones
