

LET IT RIDE

Niko Moon

I just wanna kick back
Get out on the porch, put a dent in a 6 pack
Roll it up and hit that easy Colorado high

Listen to that southern wind
Sing that laid back song again
It ain't hard to soak it in
'Cause it don't get better than this

Let it ride
Let it roll
Feels good just to let it go
Naw I ain't got time to think about
Things I can't control
Let it in
Let it out
Ain't a thing that I'm worried 'bout
Just gonna sit right here and watch the sun go down
Let it ride

Way out in the tall pines
Honeysuckle vines growing wild on the fence line
Wanna hit that unwind
Close my eyes and drift away

Listen to that southern wind
Sing that laid back song again
It ain't hard to soak it in
'Cause it don't get better than this

Let it ride
Let it roll
Feels good just to let it go
Naw I ain't got time to think about
The things I can't control
Let it in
Let it out
Ain't a thing that I'm worried 'bout
Just gonna sit right here and watch the sun go down
And let it ride
Let it ride

And I'm gonna drink my drink
And take my time
'Cause all I need
Is peace of mind
I'm gonna drink my drink
And take my time
'Cause all I need
Is peace of mind

Let it ride
Let it roll
It feels good just to let it go
Naw I ain't got time to think about
The things I can't control
Let it in

Let it out
Ain't a thing that I'm worried 'bout
Just gonna sit right here and watch the sun go down
Let it ride
Aw, just let it ride
Yeah, Yeah
