

PARADISE TO ME

Niko Moon

Got a three day weekend and everybody's loadin' it up
With my RayBans on and a Yeti in the back of the truck
I'm ridin' shotgun, playin' DJ
Mixin' Willie and Hank with some Ying Yang
Got the windows down and the speakers turned all the way up

Yeah, we like, oh
We ain't gotta take it too far from home
Little bit of Heaven's just down the road
Where we can lay back, open up a cold one
Take it slow

I like piña coladas down in PCB
Get me that whiskey and cola 'neath that old pine tree
Ain't nothin' wrong with that white sand and some ocean breeze
Right now, this lake front view is paradise to me
Paradise to me

We got a boat tied up like an island just killin' the time
Ain't no tiki huts, but we sipin' on Corona and lime
We trade a palm tree for them pontoons
Ridin' waves with the wake boards and Seados
'Cause when the sun goes down
Yeah, we gonna keep it goin' all night
You know that's right

Yeah, we like, oh
We ain't gotta take it too far from home
Little bit of Heaven's just down the road
Where we can lay back, open up a cold one
Take it slow

I like piña coladas down in PCB
Get me that whiskey and cola 'neath that old pine tree
Ain't nothin' wrong with that white sand and some ocean breeze
Right now, this lake front view is paradise to me
Paradise to me
Paradise to me

When that nine-to-five gets you down
And you're lookin' for a getaway
Well, I know just the place
(Right down the road)

I like piña coladas down in PCB (PCB, baby)
Get me that whiskey and cola 'neath that old pine tree (Yeah)
Ain't nothin' wrong with that white sand and some ocean breeze (Nothin' wrong)
Right now, this lake front view is paradise to me
Paradise to me

Oh, we ain't gotta take it too far from home
Paradise to me
Little bit of Heaven's just down the road
Paradise to me
