

# SOMEWHERE SOUTH OF HERE

Niko Moon

I think we could use a couple umbrella beach chairs  
And some waves in our Ray-Ban view  
Got a little overtime money that I saved up  
Oughta get us by for a week or two

I wanna see the sun settin' on you  
We can get some tan line tattoos  
Drop a lime in a made-in-Mexico beer  
Somewhere south of here

There's a white sand beach just waitin'  
A hammock tied to some palm trees swayin'  
We can listen to the white caps breakin'  
Me and the salt air kissin' on you  
Sippin' beach bar margaritas  
Whatcha say, little señorita?  
It's about island time we disappear  
Somewhere south of here

It's about a 3-hour flight to the islands  
And a 7-hour drive to the coast  
As long as it's blue on a map, I'm good with it  
Baby, let's go  
Let's go, baby  
Somewhere south of here

There's a white sand beach just waitin'  
A hammock tied to some palm trees swayin'  
We can listen to the white caps breakin'  
Me and the salt air kissin' on you  
Sippin' beach bar margaritas  
Whatcha say, little señorita?  
It's about island time we disappear  
Somewhere south of here
