Here I come again on a Saturday night  
**E**                      **D**                      **A**                      **G**  
After the first love that ever felt right  
**E**                      **D**                      **A**                      **G**  
Ask me if it's right to love another guy  
**E**                      **D**                      **A**                      **G**  
First I say yes, then I tell her why

**Em**                      **D C D**  
R: Cryin' moontears,  
**Em**                      **D C D**  
I'm cryin' moontears,  
**Em**                      **D C D**  
Cryin' moontears,  
**Em**                      **D C D**  
I'm cryin' moontears

Early in the morning I feel the sun  
True love is sad if it's the only one  
She looks good and it hurts my head  
Sometimes I think I'd feel better dead

R:

Hear me cry!

Yeah, everyone is tryin' to love the one I love  
I don't think they really understand love  
It's easy to fall and harder to part  
No matter where it is it comes from the heart
