

# Don't Let Me Down

Nina Gordon

Rolling down the hill to see my friends  
I don't feel well  
And I'm not happy, but I'm going to be

The summer starts and the summer ends  
I look around at all my friends  
They don't seem happy, but they're going to be

And they say life's a dream  
We believe what we want to believe  
And I want to believe in something please

So don't let me down  
Please place me gently on the ground  
It took me all this time to figure out what I need  
And the journey made me weak  
So don't you let me down this time  
Don't let me down

I needed more, or so I thought  
I needed a love that couldn't be bought  
But I kept on spending 'til he loved me not

Now someone new is coming in  
Oh god it's so sweet when it begins  
But I'm so bitter, what if I poison him?

But he says that I'm the dream  
He's been praying for down on his knees  
And I want to believe him please, believe

He won't let me down  
Please place me gently on the ground  
It took me all this time to figure out what I need  
And the journey made me bleed  
So don't you let me down this time  
Don't let me down

And I feel like I'm running  
This time don't let me down  
'Cause I feel like it's coming  
This time don't let me down  
Oh please don't let me down

Don't let me down  
Please place me gently on the ground  
It took me so long to figure out what I mean  
And the journey made me bleed  
So don't you let me down this time  
Don't let me down
