

Hold on to Me

Nina Gordon

We're the same and you don't even know it
We're afraid and we try not to show it
And you're tired and I am too
So there's only one thing you can do
You've got to hold me and tell me what you need
And don't be afraid of what you're feeling when
You know me then I'll never want to leave you just
Hold on to me
When we're apart
I still feel together
I still believe in a thing called forever
But we're drifting apart
It's true
And it's breaking my heart in two
You've got to hold me and tell me what you need
And don't be (don't be) afraid of what you' re feeling when
You (know me) know me then I'll never want to leave you just
Hold on to me
Hold on to me
We'll drive away where no one can find us
It's time to leave those dark days behind us
In my dreams it's always you
So there's only one thing we can do
You've got to hold me and tell me what you need
And don't be (don't be) afraid of what you' re feeling when
You (know me) know me then I'll never want to leave you just
Hold on to me
Just hold on to me
Still believe in a thing called forever
Still believe in a thing called forever
Still believe
