

## Love Hi

Nina Hagen

Love is here to stay  
I pray, that love is really here to stay  
for me and you  
I don't wanna loose it, don't wanna wait  
untill, it's all too late  
I'm so in love, it's true  
and in my dreams, I walk around with  
someone on my side, who loves me  
oh soo much  
its you my love, I want you  
and I don't wanna loose your love  
I need your special touch

I'm on a high love hi, I never say goodbye  
oh no not I, I'm on a high lovehigh  
just ring my bell, that'll be swell  
lovehigh

I don't wanna ask you for no favour  
just be true to me, be true to me  
I hope we'll stay together and  
we'll love eachother more and more  
each passing day

And I don't cate what people think  
waht people think or how they stare  
my energy level climes up high  
I'm soo happy, that I have too cry  
gimmi the chance to express  
my big love is a big success  
he hipps me, hopps me, riggs me, rox me  
pushes me hard, he's my bodyguard  
he's my lover, my cover, it's like a dream  
if you know what I mean  
I was born in stormy times, now I'm soo happy  
that I talk in rhymes, I don't wanna be  
a failure, I don't wanna go and sell my smell  
giuess what? I don't wann go to hell  
cause I've got soo much power  
I clould climbe the eifeltower
