

In Reverse

Nina Hynes

How do we say goodbye, stay
When all I want to say is don't go
I'm waiting for you to fade
I've gone back inside of me
Where nobody'll reach me
Where no one will find me until you're gone
Cause you are the antichrist
You don't know how to love
I'm cutting you out of me
And no one will see you were here
I'm running in reverse
Can't you see I'm sinking into the earth
Can't you see you've fallen into my space
Can't you see I'm losing the forward pace
I'm running in reverse (Backwards, backwards, backwards)
Can't stop (I'm running backwards)
Your love is fading fast
Can't stop
Your love is fading fast
Fixing me
You're fixing me
My heart is caving in
I need the light to give
For me it was magic but
For you it was just some fun
I'm running in reverse
Can't you see I'm sinking into the earth
Can't you see I'm falling into your space
Can't you see I'm losing the forward pace
Can't stop (Backwards, backwards, backwards)

Can't stop (I'm running backwards, backwards, backwards)
Your love is fading fast
Can't stop (Backwards, backwards, backwards)
Your love is fading fast
Fixing me
You're fixing me
There's nothing you could need from me
Meant nothing but I didn't see
And narcissus can't be your friend
If I don't call you that's the end
The nothing it is calling you
There's nothing that I wouldn't do
I'll never tell you how I feel
There's nothing left inside of me
There's nothing left inside of me
There's nothing left inside of me
Does anybody else feel love
Does anybody else feel love
Does anybody else feel love
Does anybody else feel love
Does anybody else feel lost
Does anybody else feel love
Does anybody else feel love
Does anybody else feel love
Does anybody else feel lost
Does anybody else feel love

Does anybody else feel love
Does anybody else feel love
Does anybody else feel love
Does anybody else feel love
