Nina Nesbitt

Oh Chloe  
I still remember the day that you told me  
Got me thinking about the way that we are, we are, we are  
Drifting apart now  
Your body's bigger, lost the figure that you had  
Little finger like her thumb  
Soon she's gonna be someone  
And I start to shiver  
Somethin' 'bout you has changed

Watching you, watching you  
Watching you, watching you  
Watching you, watching you  
Got me thinking 'bout a few things  
Watching you, wanting to  
Feel the things that you do (That you do, that you do)  
Yeah

There's a heart, there's a life  
There's a look in your eyes  
'Cause I know that you found the answer  
There's a girl in my mind  
Am I doing it right?  
'Cause I don't think I found the answer  
Oh Chloe

Wearing someone else's clothes  
Tryna play the biggest shows  
Or worry 'bout the radios  
Tryna make a house a home  
We are, we are, we are, we are (We are)  
Drifting apart (Oh, no)  
But I'm still here for (Oh, no)  
You

Watching you, watching you  
Watching you, watching you  
Watching you, watching you  
Got me thinking 'bout a few things  
Watching you, wanting to  
Feel the things that you do  
Yeah

There's a heart, there's a life  
There's a look in your eyes  
'Cause I know that you found the answer  
There's a girl in my mind  
Am I doing it right?  
'Cause I don't think I found the answer  
Oh Chloe

Your body's bigger  
Little finger like her thumb, hmm  
Now your body's bigger  
Soon she's gonna be someone  
Soon she's gonna be someone

There's a heart, there's a life  
There's a look in your eyes  
'Cause I know that you found the answer  
There's a girl in my mind  
Am I doing it right?  
'Cause I don't think I found the answer  
Oh Chloe
