

Long Run

Nina Nesbitt

You and I came in like paper planes
So fast, crashing 'round my room
I tried so hard to keep it on the low
But now you're taking me so high
I can't even see the ground
I'm all good, but if I'm gonna jump
I need to know you'll catch me if I fall

And will you take the bad along with the good?
Will you take the worst times?
'Cause I know I would
I'll never let you down
If you never let me down

Won't you just stay here for a minute
Won't you just be here for a minute
I just need to know that you're in it
For the long run
Won't you just stay here for a minute
Or am I just caught up in my feelings?
I just need to know that you're in it
For the long run
For the long run

For the long run

I've been here a couple times before
All in, just doing the part
He never learned to keep my guard up

Mmm, will you take the bad along with the good?
Will you take the worst times?
'Cause I know I would
I'll never let you down
If you never let me down

Won't you just stay here for a minute
Won't you just be here for a minute
I just need to know that you're in it
For the long run
Won't you just stay here for a minute
Or am I just caught up in my feelings?
I just need to know that you're in it
For the long run
For the long run

For the long run

For the long run
