

# Love Letter

Nina Nesbitt

We started good, crossed our hearts we made a promise  
Misunderstood, cause all my friends say you're dishonest  
You had me questioning what I was worth  
Yeah you know and I know, no

Say what you want  
But I know that it's only  
Words that you use  
To anyone, anybody  
Myself and I  
Yeah we're done with your sorrys  
Get out my face  
It's safe to say

When I was your girlfriend  
You said it'd be different  
You wanted all the girls  
Then you wanted commitment  
But you couldn't get it to to to-gether  
I'm sending you this love, love, love letter  
Oh I was your girlfriend  
I thought you were different  
I tried to make it work  
Gave a million chances  
But I know I can do, do, do, better  
I'm sending you this love, love, love letter

You'd sit at home, tokin on that marijuana  
I'd pick up your clothes, like you forgot I'm not your mother  
Yeah you were getting way too comfortable  
Yeah you know and I know, no

Say what you want  
But I know that it's only  
Words that you use  
To anyone, anybody  
Myself and I  
Yeah we're done with your sorrys  
You'll be replaced  
It's safe to say

When I was your girlfriend  
You said it'd be different  
You wanted all the girls  
Then you wanted commitment  
But you couldn't get it to, to, to-gether  
I'm sending you this love, love, love letter  
Oh I was your girlfriend  
I thought you were different  
I tried to make it work  
Gave a million chances  
But I know I can do, do, do better  
I'm sending you this love, love, love letter

Ooh, ooh, ooh  
Ooh, ooh, ooh  
Ooh, ooh, ooh

Ooh, ooh, ooh  
I'm sending you this love, love, love letter  
Ooh, ooh, ooh

By the time you get it I'll be out on the road  
Cause I've packed up all my things, put your name on a note  
Yeah you thought you were clever but you didn't know  
That my heart left you 'bout 2 months ago

By the time you get it I'll be out on the road  
Cause I've packed up all my things, put your name on a note  
(Packed up all my things)  
Yeah you thought you were clever but you didn't know  
That my heart left you 'bout 2 months ago
