

# Only Love

Nina Nesbitt

Lemons are bitter, if you bite them with your two front teeth  
Now he's acting similar, 'cause you're the one now that's biting me  
His feelings are crushed like rock salt on the table  
'Cause you're now the one that's got a bit more flavour

I've never met someone that's made me feel quite this way  
I've never met someone that's actually stayed  
Woah

'Cause only love can make me feel the way I do  
Only love can make this real for me and you  
Only love can make me feel the way I do  
Only love can make me see the world the way I do  
Now I'm with you

He passed his sell by date, we don't go out 'cause he turns sour  
I could think of a million ways, we could spend just one hour  
His feelings are crushed like rock salt on the table  
I guess I fell for love, says the paper

I've never met someone that's made me feel quite this way  
I've never met someone that's actually stayed  
Woah

'Cause only love can make me feel the way I do  
Only love can make this real for me and you  
Only love can make me feel the way I do  
Only love can make me see the world the way I do  
Now I'm with you

Oh Oh Ohoh  
Don't let me go, 'cause I'm falling for you  
Oh Oh Ohoh  
I wanna know, if you're falling for me too

I've never met someone that's made me feel quite this way  
I've never met someone that's actually stayed  
Woah

'Cause only love can make me feel the way I do  
Only love can make this real for me and you  
Only love can make me feel the way I do  
Only love can make me see the world the way I do  
Now I'm with you
