

## Goodbye (Interlude)

Nina Sky

I'm writing this letter to  
Let you know that I'll  
Be leaving tomorrow  
Didn't want to go  
But ya pushed me to this point  
I don't know what to do  
I figured the first step was to let you know were through  
I'll be gone by morning time  
Won't ask you if you care  
You never showed you did  
And you were never there, never there  
I'm taking all my things  
Oh yeah threw yours away  
Don't say a word or try and write me back  
I don't want to be with you  
Listen to the guitar play  
Oh goodbye  
Goodbye oh
