

# You're Lying

Nina Sky

To me you was more than just a lover,  
And I put you above all of my dreams  
I bragged to all my n\*ggas about you  
I made you my wifey, mother of my kids  
Why'd you have to play yourself by playing me?  
Disrespectin me like if I was a kid  
Why you had to f\*cking lie and play the victim  
You brought out the bad in me

(Nicole)

I never thought it could be  
That you would be cheatin' on me  
You called me the girl of your dreams  
Kiss me at night whisper that you love me  
I... know that I did it to you  
But... only after I knew  
That... you were just a game  
And you better believe that I ain't gonna play

(Hook)

(Nina Skye)

Go..., (go) Leave cause I don't need you!

(Anthony)

You act and you lie and tu eres la culpable

I can't trust no more (hell no)

(Nina Skye)

Why you pointin' fingers at me?

(Anthony) I'm pointin' fingers at you cause I saw you  
kissin' him...

(Chorus)

(Anthony) I read your diary & your letter

(Nina Skye) boy I found out you were a player

(Anthony) You wanna make up stories, whatever

(Nina Skye) Cause you proved to me we can't be together

(Anthony) Like I said I read your diary & your letter

(Nina Skye) boy I found out you were a player

(Anthony) You wanna make up stories, whatever

(Nina Skye) Cause you proved to me we can't be together

(Verse 2)

(Nicole) How could I ever believe

when you're always out on the streets-

Don't answer calls from me, dial your number your phone  
just rings.

I'm... wonderin' "Who is she?"

You... sayin' I'm diggin' too deep

Just.. respect the consequence

Don't be upset; you just got what you gave

(Hook)

(Nina Skye)

Go... (go) Leave cause I don't need you!

(Anthony)

You act and you lie and tu eres la culpable

I can't trust no more (hell no)

(Nina Skye)

Why you pointin' fingers at me?  
(Anthony) I'm pointin' fingers at you cause I saw you  
kissin' him...

(Bridge)

(Anthony)

Mira, tenia amor, confianza, fuiste tu mi inspiracion  
Y me rompiste con mentiras- puras mentiras del corazon;

(Natalie)

You say I was your inspiracion and I could tell you  
really cared

But if you really valued my heart  
you would have always been there!

I'm tired of all the lonely nights,  
wishin' you were by my side

The scent still lingers; my body needs ya  
Don't mean nothing I'm still gonna leave ya

First off you won't forget the ways I made you wet  
And you could tease the next

But only with finesse and to make you feel good

It wasn't necessarily sex

I guarantee this you're gonna miss... forever

You're gonna reminisce I'm number one on your list  
and maybe you're gonna wish,

So what cha gotta say?

Matter fact, wait, gotta meet up with my date-  
what you think this is Max Agente?

(Chorus)

(Anthony) I read your diary & your letter

(Nina Skye) boy I found out you were a player

(Anthony) You wanna make up stories, whatever

(Nina Skye) Cause you proved to me we can't be together

(Anthony) Like I said I read your diary & your letter

(Nina Skye) boy I found out you were a player

(Anthony) You wanna make up stories, whatever

(Nina Skye) Cause you proved to me we can't be together

(Repeat)

(Oh)

(Nina Skye) Oh no.. Yeah, Uh huh!
