

Echo

Nina

I wonder where you are
Forever glowing star
Over the sea I search
Under the bridge I turn
Why have you gone away?
Were you led astray?

Wanna let you know
Want to show you what
I've been thinking of
'Cause you still don't know
What is going on
Why it's been so long
I call out your name
I hear echo

Another story never told
The memories echo, echo
A star has faded from my eyes
I'll search for sparkles in the skies

Together we were strong
Tell me what went wrong
Oh, so hard to let go
All I hear echo

Wanna let you know
Want to show you what
I've been thinking of
'Cause you still don't know
What is going on
Why it's been so long
I call out your name
I hear echo

Another story never told
the memories echo, echo
A star has faded from my eyes
I'll search for sparkles in the skies

Ooh, you hear it
Ooh, you hear it
Ooh, you hear it
I'll search for sparkles in the skies

I really need to know
Do you hear echo?

Wanna let you know
Want to show you what
I've been thinking of
'Cause you still don't know
What is going on
Why it's been so long
I call out your name
I hear echo

Another story never told
The memories echo, echo
A star has faded from my eyes
I'll search for sparkles in the skies

Another story never told
The memories echo, echo
A star has faded from my eyes
I'll search for sparkles in the skies
