

# Magical

Nina

Here I go, walking home on a cold winter night  
And my day was just such a mess  
People tend to be strange, always picking a fight  
Going crazy from all the stress

As I dig through my bag to get hold of the keys  
Trying hard not to lose my nerve  
The door opens and suddenly there he is  
There's the sunshine that fills my world  
I know I'm such a lucky girl

All at once I feel as though the spring's on my doorstep  
'Cause he says I'm pretty, he won't let me forget  
And when I'm in his arms I know he's a keeper  
The man is magical

He takes my darkest thoughts and colours them yellow  
With him I'm stronger, yet he makes me mellow  
I know he loves me just the way that I am now  
The man is magical

Goodbye sorrow, and hello sweetest delight  
With him happiness just moved in  
He's so strong and so proud, he's my saviour, my knight  
Yet so gentle and sweet within

We'll be talking all night like all best friends do  
And he knows how to make me laugh  
People keep saying that we're two of a kind  
And this sweet love is gonna last  
Baby, we're gonna have a blast

All at once I feel as though the spring's on my doorstep  
'Cause he says I'm pretty, he won't let me forget  
And when I'm in his arms I know he's a keeper  
The man is magical

He takes my darkest thoughts and colours them yellow  
With him I'm stronger, yet he makes me mellow  
I know he loves me just the way that I am now  
The man is magical

Hey, hey...  
And now I know...  
(Feel as though the spring's on my doorstep)  
(In his arms I know he's a keeper)  
The man is magical

He takes my darkest thoughts and colours them yellow  
I am his woman, and he's my strong fellow  
I know he loves me just the way that I am now  
The man is magical

The man is magical
