

## The Reason Is You

Nina

This train is riding slow  
And that train never will  
One is always heading for the sea  
And the other wants to ride the hill  
Both trains were our trains  
All of our life, together  
Now you say that you don't wanna ride no more  
On my train

Dam dam dam dee du du  
I know I will lose you  
Dam dam dam dee du du  
The reason is you  
Dam dam dam dee du du  
Why do I lose you  
Dam dam dam dee du du  
The reason is you  
The reason is you  
The reason is you...

My train is pink and brown  
Colors you never liked  
How could you have fallen in love with me  
When there was so much more  
You never liked  
My train was our train  
Oh look that life together  
Now you say that you don't wanna ride no more  
On my train
