

So In Love

Nine Black Alps

I'm in love, I'm in love.
I'm in love with the way the world takes it out on me.
I'm in pain, i'm in pain.
I've been hurt by the way that you won't let me be, yeah.
You won't let me be, yeah
You won't let me be.

I can go, I can go.
I could leave you alone but you'd never set me free.
It's a shame, it's a shame,
That I can't play the part that you seem to want from me, yeah
That you want from me, yeah
That you want from me.

And you try to get out, try to get out.
Me yeah, try to get out, try to get out.

You won't get out of love.
You won't get out...
Me yeah, try to get out, try to get out.
Me yeah, try to get out, try to get out.
Me yeah, try to get out, try to get out.
Me yeah, try to get out, you won't get out of love.
Love, love, love.
