

## 2 Straws

Nine Days

If I was living big like a millionaire  
With a two story foyer and bowling stairs  
A bear skin rug and a chandelier  
You will give it all up if you weren't here  
Oh, wouldn't it be nice if I can sit for the simple life  
Taste that sweet taste on our tongue  
You and me getting some

2 straws in a mountain duel  
Poppa top, puffin' old you hew  
Lean in to a rocky mountain brew  
Don't matter what I'm drinking  
Just need 2 straws in the N U

Let's lay back and look up at the stars  
Yeah, we'll drink it all up in the back of the car  
We're all cramped up and no place to go  
If I have the windows up  
Turn the radio low  
Oh, wouldn't it be nice  
Getting drunk on you every night  
Your kiss is sugar sweet  
I get high on your caffeine

2 straws on a mountain duel  
Poppa top, puffin' old you hew  
Lean in to a rocky mountain brew  
Don't matter what I'm drinking  
Just need 2 straws in the N U

Get it up now  
We don't need to have a party to have a party  
All that's needed here is me and you

2 straws in a mountain duel  
Poppa top, puffin' old you hew  
Lean in to a rocky mountain brew

2 straws in a mountain duel  
Poppa top, puffin' old you hew  
Lean in to a rocky mountain brew  
(One step, two step  
Nothing like an old step)  
No matter what I'm drinking  
Just need 2 straws in the N U  
Don't matter what I'm drinking  
Just need 2 straws in the N U  
In the N U  
In the N U
