

# Greenlight

Nine Days

If life's about moments  
Make 'em count  
Don't hide in the shadows  
Live out loud  
There's never been a better time than right now  
This night together  
We can own it  
Whatever you want  
We got it  
If it feels good  
Then it can't be bad  
Might be the best thing we ever had

Come on, come on  
Give me that greenlight  
Lean in, lean in for a sweet ride  
Slide on over to me here by my side  
Give me, give me, give me that greenlight  
We won't be needing no rewrite  
You know we'll never get this time again  
Hands up  
All in  
Yeah, here we go  
Here goes nothing  
Here goes nothing  
Here goes nothing

We'll get through life without feeling  
Won't get too far without dreaming  
You can't fly with your feet planted on the ground  
Whatever you say  
You better mean it  
My heart's a drum  
You better beat it

Come on, come on  
Give me that greenlight  
Lean in, lean in for a sweet ride  
Slide over to me here by my side  
Give me, give me, give me that greenlight  
We won't be needing no rewrite  
You know we'll never get this time again  
Hands up  
All in  
Yeah, here we go  
Here goes nothing  
Here goes nothing  
Here goes nothing

Hands up  
All in  
Yeah, here we go

Come on, come on  
Give me that greenlight  
Lean in, lean in for a sweet ride  
Slide over to me by my side

Give me, give me, give me that greenlight  
We won't be needing no rewrite  
You know we'll never get this time again  
Hands up  
All in  
Yeah, here we go  
Here goes nothing  
Here goes nothing  
Here goes nothing

Come on, come on  
Give me that greenlight  
Hands up  
All in  
Yeah, here goes nothing  
Here goes nothing  
Hands up  
All in  
Yeah, here goes nothing  
Hands up  
All in  
Yeah
