

# While I'm Still Here

Nine Inch Nails

Only thing I've ever done  
(Ticking time's running out)  
Closest I've ever come  
(Ticking time's running out)  
Oh so tired on my own  
(Ticking time's running out)  
Best days I've ever known  
(Ticking time's running out)

Yesterday I found out the world was ending  
Yesterday I found out the world was ending

A little more  
Every day  
Falls apart and  
Slips away, well  
I don't mind  
I'm okay  
Wish it didn't  
Have to end this way

These four walls are closing in  
(Ticking time's running out)  
Oh all the things that might have been  
(Ticking time's running out)  
Watching all the others walking by  
(Ticking time's running out)  
God forgive me if I cry  
(Ticking time's running out)

A little more  
Every day  
Falls apart and  
Slips away  
I don't mind  
I'm okay  
Nothing ever  
Stays the same, well  
While we can  
Remember when  
Always running  
Even then  
Stay with me  
Hold me near  
While I'm still here
