Cos' if i count my stack I finish a day later  
Niggas say I move hot because I make them tools pop  
In my hood I control the game, I'm like a dualshock  
In night I been puffing on riffa, or fucking a skeeza  
I'm icy like I'm stuck in a freezer  
Pour out liquor for my niggas that passed the way  
I feel cut like a half a yay  
Fuck tomorrow, I'm just tryna last today  
I blast a goon, broad day in the afternoon  
Banana-clip be looking like a half a moon  
These youngers see the clothes are nice  
And start to think roads are nice

I got ice on my hand, ice on my ears  
Wrist as well, I never miss a sale  
Got more chains than wishing well  
We be the don, up in Louis Vuitton  
Had more hoes in the base than the beauty salon  
Two Rollys thats them niggas whips up my sleeve  
That's why when I come through them hoes fix up their weave  
Me and Helmo flip keys, them niggas still be spinning O's  
I'm working on my cd, while your on your bb pinging hoes  
I've got the same ting as terminator in the movie  
So I won't hesitate to burn a hater in his coofie  
Bitch in the passenger, came in her cuchi  
She never complains because I lace her with gucci  
Me and Fatz on the block blazing on kush  
I wish them niggas come through, the AK's in the bush  
You ain't a trapstar you've never bagged out a brick  
My hood's like Grand Theft Auto you'll get dragged out ya whip  
You don't wanna start war, I'll shatter your glass jaw  
I miss my nigga Omar I'd gave that guy my last draw  
I'm that number 1 supplier with the green

I shoot niggas for messing with my family  
Can't believe I'm in my yard stressing over vanity  
When I was getting drug money, you was in your yard watching Doug Funny  
Been through more carrots than Bugz Bunny  
Me and Bunz be like Chris and Marlo  
2012 switching whips up like it's a car show  
Niggas act hard, but when I pull out this long nine..  
Probably freeze like a laptop when its online  
Punch you till I break my fist, ice on my arm  
I ain't strain my wrist, yellow stones looking like they're made of piss  
Zino in my veins ain't no fear in my heart  
Ask my nigga Likkle T cos' he's been there from the start  
In my heart, I'll make the Calico spark  
Shooting shells like its Mario Kart  
Its the kid with the gold voice  
Grew up in this beef it ain't my own choice  
Move on the track like a Rolls Royce  
I'm like Avon, in the whip pumping the same song  
Gun under the tux like James Bond  
You know why them pricks can't stand me?  
Cos' I come through the block with more kicks than Chang Lee  
You niggas wanna see me in a cell because I'm living well  
Church roads where the macs be like ??  
I'm never gonna drop a mixtape with my hype man  
Gun in the right hand as long as I might stand  
Niggas mad cos I get P's, I make the tech squeeze  
Then go breeze overseas, chill on jetskis  
Used to be shooting 5 draws..  
Now my worker can come through in suicide doors  
If you're scheming on my bling I'll start beating off my ting..  
Till I'm empty, then I'll be gone like Theo on the wing
