

Eh, boy, you know say church road be the glory
Ay yo, a you have di glory

Zino Records

They said I fell off, and that's cap
Last week I made a hundred in the trap
I heard I lack, and that's cap
Riding 'round with a niner in my lap
Buduhbyebye

It's just bars and that's cap
I can wear a polygraph, when I rap
If I'm lying, I'm dying
We don't cap, and that's that
Ice city run the game and that's a fact

Let's go

Can't be selling weed, if it ain't ours
Pushing kis that I've never seen. I'm like Ray Charles
School days, I had a brick and a nine on my shelf
So, for work experience I hired myself

See I don't punch it like I'm Joe Fraizer
Do I get a lot of head? That's a no-brainer
Free my nigga Jazz
Free my nigga Pappy
My nigga's always sad, but he's trigger-happy

I ain't no ordinary trapper
And I don't trust girls 'cause these bitches lie more than these rappers
Tryna stick to the game plan
He said he's got more Jordans than me
That nigga's reaching like Spacejam

They said I fell off, and that's cap

Ice city run the game and that's a fact

Let's go

I'll put a grow in your property
As long as the electric and the water works like monopoly
When niggas try to rob my weed, I ain't panicking
The grow house. I slept by them trees like a hammock

Me and my girl eating in expensive places
I got more bars than niggas on encro cases

These niggas couldn't walk in my shoes
Rob them for a box. Had to pull out the stick and move

I just copped some new burners. It's mental
So much lead in it, I could turn you to a pencil
Say, it don't matter, it my nigga's marga
Bid strap, kick back, put you in a hole like this is Sparta

They said I fell off, and that's cap
Last week I made a hundred in the trap
I heard I lack, and that's cap
Riding 'round with a niner in my lap
