Mi say father can you save me?  
Tings are getting crazy  
Used to have friends till nuff of them betrayed me  
Always over money or drugs or a lady  
Time is so serious  
From Stonebridge to Church Road, Harlesden to Green  
Bare war ah gwarn and man caught in between  
From Wembley to Chalk Hill, Nuff man mi wan kill  
Haunted them wanted the shotta dem nasty  
Harrow back to Kingsbury them about them about them tings we  
Them boy ah serial who you convincing  
Neasden to Willesden, Cricklewood and Kilburn

First couple months he had canteen on fleek  
He was on remand getting V's every week  
You know them ratchet hoes go see him  
Tell him what's good in the hood, Bring him a lil weed in  
Cuh his the man road Gucci, LV and bitches Pree him in the B.M  
All he needed was his freedom but he got found guilty for an M  
It happened far it's usually a bummy guy on the wing has a laugh  
Needed space after his sentence had paragraphs  
Gotta get used to taking showers he can't have a bath  
Gave his worker a brick but he frassed out half  
It ran smooth at first but that didn't last  
And most the mandem avoid all his calls  
Even the nigga that caused the war  
Cold world, Now the only person that sends him p's is his mum  
You lil niggas watch yourself when your squeezing your guns, It's Nines
