

# Going Crazy

Nines

Hey Nina  
Yo this ain't a good time you know  
I just wanna talk to you  
Nina, who's this girl?  
Oh hey Chanel  
How'd you know my name  
It's just a friend you know  
Erm I'm more than a friend  
What do you mean more than a friend? You stalk me  
Does a stalker know Mumzy, Henny and Ben?  
Does a stalker know who's hiding under that cropcat  
Does a stalker know where Nina hides his nina?  
This is getting weird, I'm just gonna go  
Nah no, wait man, wait

Sometimes I miss my bae  
But she was banging down my door on Christmas day  
I swear that was the last straw  
Shoulda been when she wrote dickhead on my car door  
Then I went to turn up in Dubai  
She ain't even tell me, she just turned up in Dubai, uh  
She going insane  
Went to pick up my shit, she threw my clothes in the rain  
She always thinks I'm somewhere getting some head  
And if you miss her call, you better be dead (flatline)  
Me and my new girl were driving bumper cars  
That's when I saw her hiding in the monkey bars  
I ain't tryna indulge in that  
That girl's crazier than Doja Cat, uh  
She said she's gonna drive over a bridge  
Had to move twice, I hope she don't find out where I live  
It's Nines

I'm losing my mind for you, crazy  
I'm losing my mind I think I'm going crazy  
I'm losing my mind for you, crazy  
I'm losing mind, I think I'm going crazy

Fucking bitch smashed my window  
Trying to sound like me, she even cat my lingo  
Posh chick sounding gang gang  
Can't cum inside her she'll do a handstand  
Someone tell this lady play fair  
Cause she's coming like a Baby reindeer, uh  
Suggested that we break, stop the war  
But everytime I try to leave she wanna block the door  
She won't stop until I die  
I feel like Tom Cruise in Vanilla Sky  
Listening to hoes and you knew they was hating  
She wanna know everything I do like probation  
And if I'm late home  
All I hear on the phone is "putas" and "cabron", uh  
She moves too crazy  
Someone should have warned me before I fucked the voodoo lady  
It's Nines

I'm losing my mind for you, crazy

I'm losing my mind I think I'm going crazy  
I'm losing my mind for you, crazy  
I'm losing mind, I think I'm going crazy

Are you dumb?  
Cheating on me, yeah?  
Don't worry, I've just had a dream  
I've seen you fucking other bitches?  
I'm not on this  
And it's coming to me in my sleep as well
