

## Jodeci Back

Nines

Yeah, ayo yo yo its your nigga big keyz aka capo  
Straight out of Church Road, repping that Crime Scene  
Shouts to my one arda niggas  
My Ice City Boyz  
With that new loyal to the soil  
Yeah and I'm sorry for the delay  
But we really in the streets, we got bills to pay you know  
But my niggas took his time off his busy schedule to come through to hit you  
with this crack  
Yh thanks for the applause  
Ayo nines show them why you're the hardest my nigga

I live the life these niggas dream about  
Distributing one arda packs, all them other niggas they scream it out  
My nigga Fatz is carrying the stick  
Why would I need to go to Amsterdam with all the ammy on the strip  
When all my niggas are chilling in Ps  
I used to stand in the rain, by myself tryna finish my D's  
Fuck these hoes, I just want the dough  
Feds tryna get us to rat like that like that baller from Monaco  
You wanna know, who ran up in that house  
Had a bally on, but Bunz said my name  
I should have celotaped his mouth  
Guaranteed to squeeze on a snake  
Went to test the new ting, it nearly knocked down a tree by mistake  
If you don't know me what's your reason to hate  
I keep putting all these Ps in the safe  
But my Ps still ain't safe  
These paigons know how I treat war  
Last time I was over there left a nigga on the ground, shaking like a fiends  
jaw

See there they're on some real shit, now they know my name  
And you can get yourself killed  
Now isn't it best you know your lane?  
And we do this for the music, bitches go insane  
So [?] it's best you know the name

I ain't allowed in the bits when I snuff em like Pacquiao  
You and your boys banned like Harry Styles  
That guys soft and he's flossing  
Told my YGs take that ice off him, defrost him  
I'm trying to make my stack touch the ceiling  
Cut out the middle man now my yay roll like [?]  
Listenin to r&b cuh most these niggas bore me  
Wrote my number on her pinky  
Told that bitch to call me  
I'm destined to make P  
These niggas tryna get a record, I'm tryna stay free  
And I don't care why my niggas are rushing you  
Or if you feel some type of way cause if I was there I would have jumped in  
too  
I've never been to a shooting range  
But I still pull a 4 5th out to shoot your Range  
Its been a few days and I ain't changed hood  
Still make all my niggas eat like Ace Boogie

See there they're on some real shit, now they know my name  
And you can get yourself killed  
Now isn't it best you know your lane?  
And we do this for the music, bitches go insane  
So [?] it's best you know the name
