

Johnny Cage

Nines

Saying Nina's retiring?
Mad. Trust me: Nina's given us bare music
Albums on albums
Slappers on slappers
Bangers on bangers

Dark shades
Johnny Cage turn up on the stage
Gucci Mane
Gucci Mane
She yelling, "Lemonade!"
What's your game?
What's your name and number?
What's your aim?
Little mama, I'm 'a leave it there
I'm hopping on a plane

Dark shades
Johnny Cage turn up on the stage
I just did a bid and I can't go another day
Cocaine. White Range. Smoking Mary Jane

Dark shades
Johnny Cage turn up on the stage
I just did a bid and I can't go another day
I can't have these booky bitches knowing where I stay
This Cali so good, you'd think I grow it in LA
We got so much weed that I was throwing it away

They wonder, if I'm strapped, when I perform at the arena
Course I got it on me. Fam, I'm nina with the nina
I was breaking records, while they act like it don't matter
'Cause they were busy dick-riding dabbing-ass rappers

They respect you for reels
They respect me. "For real"s
See my necklace on chill
I ain't stressed 'bout the bill

I'm drinking like I'm at the pub
Ask my nigga Jack The Plug how we manufactured bud

Johnny Cage turn up on the sta-

I just whipped a brick and I can whip another one
Really wanted two. So, I just done a one-on-one
AK. Wooden handle, but the trey's a rubber one
RM-30 for the Richard, but I need a bubba one

I had shoe-box money. Now, I'm good with two accounts
Hardly go there, but there's Louis there
That's my Louis house
Tell my hitter, "If you see him there, he's gotta get 'pronounced'."
No time to whip it out
Me? I'll shoot it out the pouch

I ain't nothing like these rappers
I bought shoes, they bought views
I ain't nothing like these frauds
Really strapped at the awards
Got my shit in there
Felt like a parking warden. I put a half a ticket there
Then a whole ticket there
