

Just Another Day

Nines

It's just another day on the strip
Can't afford to slip sittin gotta stays on my hip
Cah its just another day on the strip
All the mandem posted on the block chatting shit
Cah its just another day on the strip
There's other places I'd rather be but I gotta flip
Yo its just another day on the strip
It's just another day on the strip

I'm getting closer to my dreams
I got fans but I still get noticed by the feens
All my money's straight it's hard to tell who's real or who's love is fake
I spend my profit on straps while them niggas were cutting shapes
Now I'm getting paper from showbiz
All this money this I'm getting never changed me being broke did
Half my niggas in pen so the cliques smaller
Big baller money Mitch aura but I ain't rich porter
Millions of views still flying birds everyday
Who the fuck wants to live a normal life anyway
I'm balling feeling like Jim Jones
Big stones all around my neck like Wilma from Flintstones
My whips from Germany My chick is Brazilian
My wrist is in Switzerland my slippers are leather skin
My ting will have you flying through a wall like Casper
Driving big rentals probably can't afford a Astra

Cah it's just another day on the strip
Can't afford to slip sittin gotta stays on my hip
Cah its just another day on the strip
All the mandem posted on the block chatting shit
Cah its just another day on the strip
There's other places I'd rather be but I gotta flip
Yo its just another day on the strip
It's just another day on the strip

I could've copped a Lambo
With all the packages of the ammo
Can't catch me slipping even cameras in the bando
Someone tell them old rappers that they'll never blow
Them niggas keep reminiscing cah they ain't getting dough
I'm nice with the punches like Anderson Silva
Overseas moving cakes with no hands like Matilda
Niggas mislead the youth when there rapping
What's cool about being thirty sittin still trapping
Move to me, how can he?
Unruly niggas vouch for me
At my video I had shooters on the balcony
Gave my nigga 27 years
I've seen them has beens take there last 5 and spend it on some biff
I never done a show cah I'm already getting dough
And if I ever blow I'll bring my niggas everywhere I go
I'm looking bummy today, fuck what a bitch think
About to shout my piff link make a quick drink

It's just another day on the strip
Can't afford to slip sittin gotta stays on my hip
Cah its just another day on the strip
