

You know I will ride for the Liz  
You know I will die for the Liz  
You should know the time that it is  
Man I grind so much that, I got no time for a chick  
Nah, I got no time for a chick  
I live it this way this way, this way  
See the money coming this way, this way  
That's why I had to get my shit straight, shit straight  
'Cause my life was just a piss take, piss take

When I was broke I was stressed, always moaning  
Put down my gold chains, my necklace is frozen  
My nigga said his texting my old ting  
Which one, I got more Ex's then bowling  
Me and Helmo controlled the whole game  
'Cause my neck got birds like an OVO chain  
Wrapped out no gloves all this B up in my pores  
I got packs in the TP, re-up on the fours  
I stay strapped wherever we go  
No time for a chick fam, I need dough  
So fuck rap when my P's low  
I'd rather pick up a brick like Craig fighting Deebo  
And I ain't hiding like Bin-Laden  
See this .45 will sweep you off your feet like Prince Charming  
Fam your watch ticks, mine hovers 'round  
This the new edition like Bobby Brown

You know I will ride for the Liz  
You know I will die for the Liz  
You should know the time that it is  
Man I grind so much that, I got no time for a chick  
Nah, I got no time for a chick  
I live it this way this way, this way  
See the money coming this way, this way  
That's why I had to get my shit straight, shit straight  
'Cause my life was just a piss take, piss take

Now they play my tunes 'round the world  
Can't forget eating beef goulash in jail  
No time for a hoe  
My nigga out in Cali selling packs  
Fam, it landed 7 times in a row  
Tell her "Take off your panties and your bra"  
I ain't crashed the whip but I smash in every car  
I never go school, turned an ounce to a pack  
And when my mum went work, turned her yard to a trap  
Busy flying birds or I'm in the tents  
Which I could give this music ting 100%  
Same bitches they bringing taking to the shard  
I have them in the bando  
I don't even hit them in my yard  
Shout outs to my cousin Lenks fresh home  
Pretty girls always give the best dome  
And if I pull up in your block, I ain't coming with a knife  
Even the foxes and pigeons would be running for their lives  
It's Nines

You know I will ride for the Liz  
You know I will die for the Liz  
You should know the time that it is  
Man I grind so much that, I got no time for a chick  
Nah, I got no time for a chick
