

(It's 1st born, baby)

The pack only had a bit of dust  
So put a gram in every Z, it's common sense like my nigga Hus  
You see my watch dancing like MoStack  
Nigga, I'm the plug like my bro Jack  
The fame ain't changed me (Nah)  
I'm still the same  
I just live in the suburbs next to AJ Tracey (My nigga)  
Or I'm overseas 'cause the ends is dead  
Bunch of frenemies like what Benji said  
I came a long way from sellin' eight balls  
Now bad bitches at my shows like Nafe Smallz  
Rappers wifing hoes but different strokes for different folks  
I gotta protect my heart like Chip and Not3s (Come on)  
I told Pebz that we're on when them packs land  
But he just wanna do movies like Rapman  
They rate me highly, in Louis, I spend forty G's  
And I kill with this western like Morgan Keys

My money gettin' longer and longer  
My team gettin' stronger and stronger  
I swear, these streets turned me to a monster  
I swear, these streets turned me to a...

First rapper to show these niggas how to cook up a key  
I weren't lookin' for the plug, the plug was lookin' for me  
We don't see no yay drought  
Cah when I re-up the queue on the strip look like the Yeezy's came out, uh  
Come find you, I catch a girly shopping  
Blow that bitch away like Mary Poppins  
In the coupe lookin' fly, they say "Drug dealers don't make it"  
I'm living proof that's a lie, uh  
Remember when I said "Fuck all the hoes that dissed me  
When I blow, they'll miss me"  
Now bitch, I'm a star  
I got rich and I'm still in CR (I'm out here)  
See the stars in my roof when you sit in my car, let's go  
Me and Ratty sittin' in the Phantom  
I'm from the hood, now I'm living in a mansion  
And anytime you see me, got them guns cocked  
Like fuck a link up, I hit one block
